Type Np Water Buffer Rule

Type Np buffer rule amends the current Type Np buffer rule adding the Board's recommended buffers. The draft rules:

- Remove the Type Np and Ns buffers from WAC 222-30-021 and creates a new Type Np and Ns buffer rule
- Creates new Type Np and Ns rule which adds Board approved Type Np buffers while maintaining Type Np sensitive sites and Type Np and Ns equipment limitation zones
